

Approval Workflows

- Multi-level approval process: Application review, document verification, and final confirmation.
- Status options: Pending, Approved, Rejected, Incomplete.
- Automated notifications to parents at each stage.

4. Document Management

- **Initial Upload:** Enable parents to upload mandatory documents (birth certificate, Qatar ID, previous grade certificates).
- **Verification Workflow:** Highlight missing or incorrect documents and notify parents.
- **Auto-Deletion Policy:** Delete non-critical documents after specified retention period.

5. Sibling and Staff Applications

- Identify sibling applications using parent accounts.
- Link staff child applications with existing employee records.
- Provide priority-based application sorting (e.g., staff children, existing parents).
- Approval of staff admission verified by HAF, Principal and Management.

6. Admission Tests

- Admission test will be conducted offline, and the admin will have the option to integrate the marks into application workflows.
- Allow flexibility for optional or mandatory tests based on school policy.

7. Real-Time Notifications and Communication

- Notify parents about application status changes.
- Send reminders for incomplete applications and pending documents.
- Automated emails for rejected applications with reasons.
- Avoid duplicate entry of application with same student with different class

8. Parent Portal Features

- Login access for new and existing parents.
- View and edit application details (if status is incomplete).
- Real-time status updates.
- Ability to re-upload documents or apply for multiple children.

9. Student Admission and ID Generation

- Setup ID Card templates.
- Automatically generate unique student IDs upon admission.
- Assign parent accounts linked to student records.
- Seamlessly transition admitted students into the student management module.

10. Transfer Certificate

- Parents request for a TC through system
- Fee payment (online & offline) for the TC
- After payment of the fees, student goes through NO-Dues Procedures (multiple levels)
- After clearance of No-Dues, TC is issued to the student.
- TC record is to be maintained to reprint whenever required.
